SOFTWARE OVERVIEW

Unlocking Excellence in Educational Administration

Introduction:

School Management Software is a comprehensive solution designed to streamline and enhance the administrative and operational aspects of educational institutions. It caters to the needs of educational administrators, teachers, and support staff, providing a seamless and efficient experience to run your institution effectively.

Key Features

Student Management

- Student Admissions

Easily manage student admissions by storing applicant information, academic records, and other important details. Streamline the admission process with a user-friendly interface.

- ID Card Generation

Generate student ID cards with a few clicks, including student photos and other pertinent information.

- **Attendance Tracking:**

Keep precise records of student attendance. Automated attendance marking ensures accurate data for teachers, parents, and administrators.

- **Student Shifting:**

Manage student transfers or shifting between classes or sections effortlessly, updating records and maintaining a history of the student's academic journey.

- **Exam Management System:**

Plan, schedule, and manage examinations with ease. Create exam timetables, assign invigilators, and generate hall tickets for students.

- **Result System:**

Record and process examination results swiftly, allowing for easy result publication and distribution to students, parents, and teachers.

Fee Management

- **Dynamic Fee Structure:**

Create and customize dynamic fee structures that suit your institution's needs. Define various fee components, such as tuition, transportation, or extracurricular activities, and modify them as necessary.

- **Fee Voucher Creation:**

Generate fee vouchers on a single click, simplifying the fee collection process for the institution.

- **Receive Fee Vouchers:**

Record fee payments efficiently, keeping track of paid and pending fees, and ensuring transparency in financial transactions.

- **Late Fee Fine Calculation:**

Automatically calculate late fee fines for overdue payments, helping to improve financial management and revenue collection.

- **Discounts and Scholarships:**

Apply discounts or scholarships to specific students or groups based on predefined criteria, ensuring fair and accurate fee management.

Defaulter List:

Easily access a list of defaulting students to follow up on pending fees and improve financial accountability.

Control Panel:

- **User Management:**

Administer user accounts with role-based security, assigning specific rights and permissions. Control access to sensitive data and actions based on user roles.

Additional Features:

- **Barcode Reader Integration:**

Improve asset management and library operations with barcode scanning capabilities.

- **Biometric Attendance:**

Enhance security and attendance accuracy with biometric verification, ensuring that only authorized individuals can access specific areas or record attendance.

- **SMS Integration:**

Seamlessly communicate with students, parents, and staff by integrating SMS functionality. Send important announcements, notifications, and updates to enhance communication within the educational community, ensuring everyone stays informed in real-time.

Benefits:

- **Efficiency:**

Automate routine administrative tasks to free up time for educators and staff, allowing them to focus on their core responsibilities.

- **Accuracy:**

Minimize errors with automated data collection and calculations, ensuring precise fee management, attendance tracking, and payroll processing.

- **Security:**

Implement role-based security measures to safeguard sensitive information and maintain data integrity.

- **Financial Management:**

Optimize fee collection, fine calculation, and scholarship allocation, improving the institution's financial health.

- **Comprehensive Reporting:**

Access real-time data and generate detailed reports for informed decision-making and

institutional growth.

Conclusion:

School Management Software is your institution's all-in-one solution for efficient and effective management. From student enrollment to HR, fee management, exam and result management, it empowers educational institutions to provide a top tier learning experience while enhancing administrative operations. Experience the future of educational administration with our comprehensive software solution.

<input type="checkbox"/> Can Read	Profile	
<input type="checkbox"/> Can Read	Mail Templates	
<input type="checkbox"/> Can Read	Setup	
<input type="checkbox"/> Can Read	Reporting	

Add/Edit User

1. After completing the first two steps, you can add a single or multiple users for a User Group with username, email, and password.

The screenshot shows a web interface for managing users. The title is "Manage Users → Add / Edit User". Below the title is a breadcrumb trail: "Home > Control Panel > Add User". The form contains several fields: "Username" (text input), "User Group" (dropdown menu with "only fee receive" selected), "Email" (text input), "Password" (text input), "Active" (radio buttons for "Yes" and "No", with "Yes" selected), and "Expires On" (text input). A green "Save" button is located at the bottom left of the form.

NOTE: These are some of the screenshots of our software and reports, covering School Management Software. Our software has more than 100 reports, covering every aspect of institution management.
